

SHRADDHA BADAMI

MSc graduate and detail-oriented Data Analyst skilled in Python, SQL, and Power BI. Proficient in data cleaning, EDA, statistical analysis, and visualization. Eager to learn and adapt to new technologies while driving data-driven decisions. Passionate about transforming complex datasets into actionable business insights.

SKILLS

Languages : Python(NumPy, Pandas,matplotlib,scikit-learn.seaborn)

Platforms : Visual Studio Code, Jupyter notebook

Databases & Tools : MySQL , Power BI, Tableau, Excel (Advanced)

Data Skills : Data Cleaning, EDA, Data Visualization, Data Transformation, Data Validation

Soft Skills : Critical Thinking, Problem-Solving, Data-Driven Decision Making, Attention to Detail

EXPERIENCE

Blinkit Grocery Data Sales Analysis

Developed an HR Analytics Dashboard in Excel analyzing 1,470 employees, tracking KPIs like a 16.1% attrition rate, 237 attritions, and 1,233 active employees.

Conducted attrition analysis by job role, age group, department, and education level, identifying Sales Reps and Lab Technicians as the highest-risk roles.

Built pivot-based visualizations revealing gender distribution (60M/40F), department-wise attrition (R&D; 56%, Sales 39%), and job satisfaction trends for HR decision-making.

HR Analytics Dashboard

Built an HR Attrition Analysis using Excel Pivot Tables on 259 employees, uncovering a 13.5% attrition rate with 35 exits across R&D; and Sales departments.

Analyzed attrition by job role, age group, marital status, and work mode (WFH/Office), identifying Research Scientists and the 28–37 age band as the most attrition-prone segments.

Examined attrition drivers including salary dissatisfaction, work environment, better opportunities, and work accidents — enabling targeted retention strategy recommendations.

IPL-2022 Data Analysis using Python

- Performed exploratory data analysis on IPL 2022 match data to identify patterns in team performance and player statistics.
- Analyzed toss decisions, match outcomes, and key performance metrics such as top scorers and best bowlers.
- Created interactive visualizations using Matplotlib, Seaborn, and Plotly to highlight batting and bowling trends

EDUCATION

Master of Science Oct 2023– Aug 2025

Shree siddeshwar government first grade degree college Nargund, Karnataka
